

**1. SMALL SPAN**  
to reduce facade  
surface

**2. DEEP PLAN**  
to produce "cheap  
square meters"

**3. GLASS FACADE**  
to bring in enough  
light and extend the inside  
space towards the  
outside

**4. VOID SPACE**  
to create spatial  
richness and hierarchy

## HOW TO DESIGN AN ECONOMIC HOUSING PROJECT ?
